

Holistic, professional product training: RINGFEDER® POWER TRANSMISSION

We proudly invite you to our Product Training, a unique opportunity for specialist, sales and engineering staff to gain and deepen their knowledge of our locking devices.

When does the training take place?

The inaugural RINGFEDER® Product Training will take place at our German headquarters in Garmisch-Partenkirchen. All RINGFEDER® products share the same basic principle. The programme comprises practical exercises, Q&A sessions and excursions.

What are the fees and what is included?

The programme is free of charge and includes lunch, accommodation, catering during the days, dinners, transport and training documentation. Not covered are expenses for arrival and departure as well as overnight accommodation. We're more than happy to assist you in organizing your stay with us.

How do you register?

Comfortably register via e-mail to smarter@ringfeder.com, stating the participant's full name, phone number and e-mail address. Kindly note that the number of participants is limited, and registrations are only considered after our final confirmation. If you have any questions or require further information, please don't hesitate to contact us.

Postponement
RINGFEDER POWER TRANSMISSION regrets to inform you that the RINGFEDER® Product Training, scheduled from 11th to 14th May 2020, has been postponed due to the current situation with respect to the Coronavirus (COVID-19). The programme will take place later this year and we'll get back to you with further information at the earliest opportunity.
